## WHAT IS SAFETY CULTURE?

**Safety Culture** encompasses the ways in which safety is managed in the workplace.

It is formed by various factors including attitudes, beliefs, perceptions, policies and values related to safety.

It reflects the commitment to safety at all levels in the organization and how safely members of the organization behave on a day-to-day basis.

**Safety Culture** is strongly influenced by upper-level management, but also by the behaviors of everyone in the organization.

*"TalentClick is setting an entirely new standard in safety culture of an organization and in safety training and education."*

**BILL BULLIS, RETIRED CEO, BCAA**
